CHAN KEE, 111 Hotel Street near Bathol.

PRICE WENT UP

WILMINGTON, Nov. 1.—Despite the announcement made last week by dairymen in milk that the price of milk, whey and cream would be four and one-half cents a quart, it is said the dairymen will remain the retail price of eight cents a quart during the winter. The wholesale advance went into effect yesterday, and so far there has been no protest from the dealers.

SPORTS

POOR PLAYING AND ALSO POOR OFFICIALS

Behind one of the largest crowds that have ever seen the Punahou field for many years, the Punahou defeated the Kama yesterday afternoon by the score of 11 to 6. The game was one of the most interesting that has been played here for many years.

The Punahou played a very tough game, and frequently were fouled in playing, although the referees did not seem to see it. Long before the game started the benches of both teams began to arrive, and by the time for the start of the game all sides of the field were filled with people. The game was the most exciting that has been played here for many years. The Kama played a very good game, but the Punahou was too strong for them. The game was a very close one, and the Punahou won by a narrow margin.

The decisions of the officials were about as raw as could be seen at a game, many times time was taken out to read the rules. In fact the decisions were even worse than they were at the first game played at the Kama field. Before any more games are played it would be wise for prospective officials to study up the rules, as the game was spoiled for the spectators on account of the lack of knowledge of the rules. The decisions were all in favor of the Punahou, the Punahou team being penalized only once when they should have been many times. Hurdling was indulged in very frequently by the Punahou, which is not allowed according to the rules, but they were never penalized once for it. Slugging was also indulged in very often by the Punahou which

PLANNING TO BUILD ANTICIPATING MORE DEFIANCES MANY HOME RUNS

SUCCESS OF THE YACHT RACE SUNDAY MAY BRING SEVERAL MORE OUT.

On account of the victory of the Defiance in the yacht race Sunday, it is very probable that some new yachts on the same plan will be built by Walker before next year. Three yachtsmen in town are thinking very seriously about having yachts built, if they decide to, the races next year in the second class should be very close.

The Defiance was sailed Sunday by her owner, Gus Schaefer, and he deserves a good deal of credit for the way he handled her. Kenneth Brown, Frank Becher and Hughes are the ones who are contemplating having yachts built on the same lines as the Defiance. The prospects are very good next year for races in the second class, and it is earnestly hoped that there will be several more yachts in the Defiance class, so that the races will not be so one-sided as they have been this year.

BAND CONCERT

There will be a public moonlight band concert this evening, at 7:30, at Thomas Square.

Spanish Dance, "Gracioso" (new).....Nehi Polka, "Dance Parole" (new).....Petra "Star Spangled Banner."

POPE LAME FROM GOUT. HOME, Nov. 1.—The Pope is again suffering from gout. He walks with difficulty, but continues his audience.

seemed to be unnoticed by the officials. Pa should have been ruled off by the umpire, but it never happened. In the second half Nankana was sent off the field by Babbitt when the man should have been Pa. In the second half the Kama took a decided brace and it looked very much as if they would score but they fumbled the ball, and the Puna scored shortly afterwards. The ball being carried over the Dun by Pa, Lyman kicked an easy goal score Kama 9 Puna 6.

In the last few seconds of play in the second half C. Lyman kicked in the Kama territory, the ball being fumbled by McKenzie. Townsend was right on top of him at the time and took the ball and started down the field with Oliver after him. Then was the time for the crowd to break loose and show their feelings, at the touch down was allowed. Just before the play was started the whistle blew but the officials claimed that it had not. The rule distinctly states that a play can be completed after it has been started, but in this case the whistle had blown before the play started. The remarks of a number of people along the side lines was that the Kama had to play against 13 people, the team and the two officials to win.

Just then things began to get warm around the Waikiki goal and in a few seconds the police led by Detective Taylor were heading back the crowd. For a few minutes it looked that a free fight might take place but in a few minutes the crowd began to disperse, as Taylor told them that he would arrest some of them if they did not get back. Taking the game as a whole it was one of the poorest specimens of football that has been seen here for some time. The teams will fight it out for the championship some time after the baseball games are over. The following is the line up of the teams.

Punahou—H. Irted, c.; R. Hitchcock; J. Ashford, W. Lidgate, rg.; D. Townsend, re.; Chi Bai, le.; F. Stack, rt.; C. Akina, lt.; W. Deaba, qb.; Joe Pa, (Capt.), rbb.; C. Lyman l.h.b.; J. Deaba, fb.

Kamehameha—Aomoua, c.; Keahana, lg.; Kealoha, Hauhana, rg.; Bartels, re.; McKenzie, le.; Kama, rt.; Kailihiwai, lt.; Murray, qb.; Naeole, rbb.; Lota l.h.b.; Oliver (Capt.), fb.

W. H. Babbitt umpire and Sam Johnson referee.

HONOLULU DOES NOT PROPOSE TO TAKE ANY CHANCES WITH COAST HITTERS.

The sign at the baseball grounds "55 for a home run over this fence," will not be seen during the coming Coast baseball series. The firm who has been willing to give the lucky batsmen 55, are not taking any chances during the Coast series, as with such men as Truck Eagan, Joe Nealon and others at the bat, their bank account is liable to suffer a severe shrinkage, as these men are famous for their home runs.

The All-Hawaii team is ready for the games, and the chances seem to be very good in their favor. It is possible that they may lose, but it will not be because they did not play ball. The team is getting in their finishing touches, and will be ready Saturday to play the game of their lives. The games will start at three o'clock every day during the series, and it will be well worth the while of a fan to be on hand long before that time to see the teams warm up.

ALUMNI DANCE.

Everything is ready for the dance of the Saints Louis Alumni at the Alexander Young Hotel on Friday night, the 22nd inst. Barney Joy called the Association Saturday that he and the rest of the boys will be there for the evening to enjoy their first night in Honolulu. It was expected that the victorious St. Louis baseball team would return from Japan on that date, but Barney and the members of the visiting team are deserving of just as hearty a welcome as if the Saints were returning. The music for the dance will be furnished by the Kauli Glee Club, Ernest Kauli himself promising to give the best and the latest he has in music for the evening's entertainment.

IS MENACE.

VANCOUVER, November 2.—The Port Townsend hydrographic office has received notice of a menace to navigation on the route between Puget Sound

THE DIRIGO HAD A WARM TIME

NEW YORK, Oct. 27.—In a stormy passage around Cape Horn, a Japanese seaman was blown from the yards of the American four-master Dirigo and lost.

The Dirigo arrived today from Honolulu. Several of the crew were swept against the scuppers by a large wave and sustained broken legs or other injuries.

THE PHILIPPINES ASSEMBLY.

MANILA, October 31.—The assembly today unanimously voted \$500,000 for the construction of school buildings. It referred a bill providing for jury trials to the committee on judiciary and foreign relations. Secretary Taft has returned to Manila enthusiastic about the improvements at Baguio. During his trip he inspected Fort Stotsenberg and the troops stationed there, whom he highly complimented.

San Francisco that is regarded with considerable seriousness. Captain Williams, master of the British ship Hajore, reports sighting on October 16th, a broken off spar floating in latitude 45 degrees 40 minutes north in longitude 130 degrees 7 minutes west. The object had the appearance of being attached to a submerged hull. Should this be proven correct the seriousness of the situation cannot be overestimated.

SUBSIDY MEN MAY HOLD WATERWAY BILL

SEE CHANCE TO AID SCHEME BY TRADING VOTES ON PEI MEASURES.

WASHINGTON, Nov. 2.—Is the ship subsidy to defeat the deep waterway? The subsidy advocates always keep a watch on deck and it is known that eastern friends of the measure believe they will find in the legislation for a waterway from the lakes to the gulf the means by which their own project may be carried to a successful issue.

Plainly speaking, the friends of subsidy believe that they can put their own bill through by force of the fear of what they may do to the mid continent ship channel plan. It was the middle west that killed ship subsidy. It will be the middle west that in the largest sense will profit by making the Mississippi river and the connecting waters to Lake Michigan navigable for large vessels.

The men of the coast states and of one or two of the states back of them, who have worked for years on behalf of a broad ship subsidy bill, were not pleased by the opposition which the project met from representatives of the inland states. They feel resentment, and while it may not carry them to the point of actual revenge, it certainly will carry them to the point of making the deep waterway dependent upon the ship subsidy if they can.

WEEKLY WEATHER BULLETIN

For the Week ended Nov. 16, 1907. Honolulu, Nov. 18, 1907. GENERAL SUMMARY.

The mean temperatures were 1.0 deg. to 2.6 deg. higher than those of the preceding week at all stations on Kaula and Molokai; 2 deg. to 2.5 deg. higher at all on Oahu; 4 deg. to 2.1 deg. higher at all on Maui, excepting 8 deg. to 2.4 deg. lower in the Kaula and Lahaina districts, and on Hawaii, 1.7 deg. below to 1.6 deg. above in the Kohala, and 1 deg. to 1.1 deg. above in the remaining districts, excepting no change at Kaula.

The total rainfall for the week was small in amount throughout the section—the greatest total on Hawaii being 1.78 inches; on Maui 1.85 inches; on Oahu .94 inch; Kaula .86 inch, and Molokai .48 inch.

At stations having a record of ten or more years the amount of rainfall was below the average for the week in the several districts of Hawaii, 93 inch to 1.18 inches in the Puna, Hamakua and Kaula; .50 inch in the Kona; 1.58 to 2.97 inches in the Hilo, and .56 inch below to .38 inch above in the Kohala; from .60 to .94 inch below on Oahu, and .67 inch to 1.31 inches below on Kaula.

The amount for the week was less than that of the preceding one at all but three stations on Hawaii, the greatest deficiency being 2.50 inches in the Kohala district. On the windward side of Maui deficiencies ranging from 2.75 to 3.59 inches were reported, and .12 to .18 inch on the leeward side, except no change in the Kula district. On Oahu the changes varied from a deficiency of .41 inch to an excess of .37 inch, except a deficiency of 1.20 in-

ches at the higher levels of the Honolulu district. On Kaula and Molokai the changes ranged from an excess of .52 inch to a deficiency of .35 inch.

Injurious drought conditions are reported from portions of the Kona district of Kaula.

Very high seas and heavy surf prevailed along the windward sides of Hawaii, Maui and Molokai generally from the 11th to the 13th inclusive.

Niuli, Hawaii, reports that the rainfall of the 9th, 1.37 inches, fell during the night and drifted slowly in from the NE.

The following table shows the weekly average of temperature and rainfall for the principal islands and for the Group:

	Temperature.	Rainfall.
Hawaii	71.0 deg.	0.94 in.
Maui	74.3 deg.	0.58 in.
Oahu	75.1 deg.	0.47 in.
Kaula	73.2 deg.	0.42 in.
Molokai	73.8 deg.	0.47 in.

Entire Group... 72.8 deg. 0.70 in.

At the local office of the U. S. Weather Bureau in Honolulu, clear to partly cloudy weather obtained after the 10th, with northeasterly winds, an average hourly velocity of 7.4 miles, and a mean daily barometer .06 to .10 inch above the normal. Rain occurred on two dates and amounted to .43 inch, .69 less than the normal, and .37 more than during the preceding week. The maximum temperature was 80 deg., minimum 68 deg., and mean 75.7 deg., 3 deg. above the normal, and 1.3 deg. higher than last week's. The mean relative humidity was 71.9 per cent.

Parlor Alarm Clock For Readers of THE STAR

EVERY HOUSE IN HAWAII CAN USE AN Alarm Clock

IT IS A WANT AND A NECESSITY.

Here's a chance to get a New Ornamental Parlor Alarm Clock absolutely free. This is a STAR premium and it beats anything ever put out. Indeed, we've spread ourselves to secure an unusually attractive, durable and Ornamental Parlor Alarm Clock. They sell everywhere for FIVE DOLLARS, but to readers of THE STAR can secure one absolutely free.

Parlor Alarm Clock

CLOCK STANDS ABOUT TWELVE INCHES HIGH.

Guaranteed by Manufacturer to be a perfect timepiece. The clock can be seen at THE STAR office. It is an attractive piece of furniture and when you see it you will want one to replace that cheap nickel affair which is usually called an Alarm Clock. This clock is made of Gun Metal and the movement is guaranteed to keep absolutely correct time.

How to Obtain a New Ornamental Parlor Alarm Clock

Subscribers to THE STAR, both old and new, who will pay \$8.00 in advance for one year's subscription will receive one New Ornamental Parlor Alarm Clock free of charge.

CALL AT THE STAR OFFICE AND SEE THE PARLOR ALARM CLOCK
